Yeah, I have seen that thread. I believe people are confused about the timeline of what happened. They aren't sure what order the events happened in. Although the way the guy worded it (yes I saw the original post) it sounded like he was accusing you if being like Hurricane. Although I doubt that is the way he meant it.

not at all and it seems you're assuming things. I'm only posting here of the recent posts, don't turn on me.

It seems you are looking at all the incidences seperately, rather than looking at them as a whole.

Sorry I didn't see this, I'm good. I'm worried about Nacho. He's just sitting around muttering to himself. I think I saw him delete someone from the friends page, which is kind of surprising bc it's only me you and him. I think he also changed his password but idk. Btw if I suddenly go offline it's only bc my younger sisters' friends are here

Nacho's way better. The teachers are still hard on him and making me bring home all of his homework. He has to go to PT (physical therapy) every day for 4 hours but otherwise he's fine. I'm okay, pretty tired. I had a long day.
